9 Read what the children say below, then answer the questions.

Zack

The kids at my school don't know how to have fun. Not like I do! What's all the fuss about stickers? They're rubbish. The most exciting games are the ones I invent. Because I invented them! Marbles? Boring! What's really fun is the Zackathalon!

Molly

Yesterday I invented a new game to play in the playground. I just suddenly came up with this good idea. It's called 'dashtag' and it's based on the old 'tag' game. When we played it, we had a great time. We still need to think up a few more rules, but I'm sure we are going to have loads of fun with it.

- What kind of personal pride does Zack feel? How do you know?

Selfish pride. Because he is only interested in himself.

- What kind of personal pride does Molly feel? How do you know?

Virtuous pride. Because she wants to do the best she can.

- Do you think that Zack's attitude is constructive? Why? / Why not?

Sample answer: No. Because he doesn't want to listen to other people's ideas.
